**EBBTIDE PRESENTS THE NEW MYSTIQUE 2500 MID-CABIN
Overnight Cruiser Comes Standard With All the Amenities**

WHITE BLUFF, TN (March 2004) -- Ebbtide Boats has done it once again! Answering the demands of their consumers, Ebbtide unveiled their fully loaded **Mystique 2500 Mid-Cabin**. Ebbtide's first ever Overnight Cruiser is perfect for those who have a passion to wake at dawn and ski on a calm lake or those who simply need an escape from reality with a weekend on the water.

This total performance recreation boat comes standard with luxurious cabin accommodations for getting away and enjoying life. In fact, the **Mystique 2500 Mid-Cabin** offers the comfort of never again needing a hotel reservation.

Looking for somewhere to relax with friends and family? The spacious interior, with six feet of head room, can easily accommodate four adults overnight and offers a convenient stand-up shower/head combination with a pump-out toilet and fresh water access.

Entertaining guests? The kitchen boasts a standing headroom mini-galley with burner, a microwave, refrigerator and a stainless steel sink with a cutting board cover, a CD Stereo with remote, a compass and a dual companion helm seat. An AC/DC power supply and convenient cabin access circuit breakers ensure that the boat and appliances are always charged whether on land or at sea. Ebbtide has also anticipated any possible kitchen hazards by installing 2 carbon monoxide detectors, 1 gas fume detector, and a Halon fire extinguisher standard in the **2500 Mid-Cabin**. Spending a holiday or weekend on a boat while entertaining mates has never been this easy.

The Mid-Cabin also offers a safe and relaxing environment for your personal time away. Stainless steel bow rails ensure safe front to back maneuvering when preparing the anchor, and the large, easily accessible front deck is complete with anti-skid surfaces.

To make anchoring and docking easier, the **2500 Mid-Cabin** is equipped with a bow pulpit. Also standard is a stainless steel anchor roller mount for quick and easy anchor adjustments and an anchor rope and chain locker.

The **Mystique 2500 Mid-Cabin** makes extended weekend getaways a simple accomplishment. Each boat is hand made so parts fit together with precision, and each is hand laid with fiberglass to offer a ride that is brisk, smooth, and quiet. Another bonus: stainless steel tabs allow the captain to keep the vessel level in all types of weather and water conditions.

Externally and internally, this boat provides valuable options to those who demand luxurious amenities and optimal handling from a mid-cabin. The **2500 Mid-Cabin** stretches 24' 8" without the Pulpit, and an impressive 27' 4" with the Pulpit, and holds 70 gallons of fuel. This overnight cruiser comes standard with a 5.7L Merc or Volvo engine. The **2500 Mid-Cabin** has a top speed of approximately 44 to 46 mph with four adults, and a solid planing time of 4.5 to 6 seconds, depending on the load and fuel capacity.

In their never-ending strive for excellence, Ebbtide Boats have topped themselves again with this overnight cruiser that comes so well equipped, that there are **only 3 options to choose from**. Purchasers have the option of adding a rope gunnel, a stainless steel prop exchange, and a drive upgrade from an Alpha to a Bravo III, an Alpha to a Bravo I, or an SX to a DuoProp.

As with all Ebbtide Boats, each hull and deck is 100% hand laid with a first layup of fiberglass mat and Ashland AME 5000 resin and then successive layers of fiberglass mat and roving using Ashland low VOC resin for lighter and stronger construction. In addition, Ebbtide makes a conscious effort to use materials that are environmentally friendly. Because of the time and care put into each and every boat, only a limited number of boats are produced each year.
